Nimble InfoSight: The Missing Piece to Your Data Center Rubik's Cube.

Putting your data center together can feel like you're twisting a Rubik's cube. No matter where you turn, it seems like it's impossible to get the pieces to line up - and when pieces don't line up, downtime happens. Nimble Infosight helps you line up the missing pieces with predictive analytics to identify and mitigate issues automatically, giving your team more time for strategic initiatives. Let's look at some common costs and causes of data center downtime and how Nimble Infosight can help.

WHAT ARE THE ROOT CAUSES?

- Cyber Crime
- UPS system failure
- Accidental Human Error
- Equipment failure
- Water, heat or CRAC failure
- Generator failure
- Weather
